ENVIRONMENTAL POLICY STATEMENT

Comyn Ching & Co. (Solray) Ltd recognises that the environment is a central business concern and that our construction activities, products and services have potential environmental impacts.

Accordingly, we have adopted the following policy that provides a framework for setting and reviewing our environmental objectives and targets.

Comyn Ching & Co. (Solray) Ltd shall:

- Ensure compliance with existing and future environmental legislation, as a minimum and strive towards those environmental goals from time to time as set within the company.
- Liaise with relevant external bodies at all levels and work with our own employees, sub contractors & suppliers, to maintain a program of continual improvement of our environmental performance.
- Identify and seek to reduce the significant environmental aspects of our business and to prevent pollution.
- Recover and recycle materials where possible and justifiable.
- Work with our suppliers, sub contractors and clients to improve our overall environmental performance and whenever feasible influence them to do likewise.
- Require our employees and sub contractors to assist in the implementation of this policy and to work with due consideration and provide appropriate training and supervision to ensure this.
- Establish and maintain an Environmental Management System to cover all activities at our Swansea site and all construction sites.
- The Managing Director has overall responsibility for ensuring that the company policies and procedures are implemented and maintained. This is achieved through direct delegation to the Systems Manager who has overall responsibility for Health & Safety and Environmental issues and has direct access to the Managing Director on all such topics.
